Machine Learning-Based Predictive Analytics for Aircraft Engine

- Andrew David Pearson (Team lead)
- Oliver Tunstall
- Karthikyan
- Shree Krishna Kumar

Engine runtime prediction

Now a days aviation industries facing major problems with engines runtime prediction . so we are now going to make it easier with the help of machine learning techniques

PROBLEM

How might we are going to predict the working time of aircraft engine for a particular interval of time?

Brainstorm

Now we are going to share our ideas with a sticky note to address to have a solution on problem

FLOW
